## GOV. JOHNSON IS WINNER IN STATE PRIMARY BY ODDS

Carries Every District in  
Minnesota Against Bryan  
For Instructions.

Massachusetts Finally In-  
dorses Bryan.

## GUARANTY OF BANKS' FUNDS

Minneapolis, Minn., May 7.—Early reports throughout the state indicate a sweeping victory for Johnson in the Democratic primaries. In Hennepin county, where one of the strongest campaigns has been waged, early indications are that Johnson has carried the county and the city of Minneapolis after a vigorous fight. The precincts of U. A. Quist and of Frank Larinck, chief Bryan leaders in Hennepin county, were carried for Johnson. It is impossible at this time to state Johnson's sweeping victory. Indications are that Bryan followers have not carried a single district in the state and that Johnson's victory is so complete as to make negative all opposition on the part of the Bryan followers in the state convention, which will endorse Johnson.

Ramsey county, in which two sets of primaries were held, shows a large percentage in favor of the Minnesota governor.

Bryan followers acknowledge their defeat, but say that the opposition shown demonstrates a strong feeling for Bryan, and they claim that Governor Johnson never could have carried the state had it not been for the fact that local state police entered into the contest.

The Johnson followers are jubilant.

## Split on Bryan.

Honolulu, May 7.—The platform of the Democratic state convention calls for a government guarantee of funds deposited in banks. The resolutions committee split on endorsing the delegates to Bryan.

After a strenuous fight the platform presented to the convention contained an unqualified endorsement of Bryan, and instructed the delegates to vote for him.

## Marshall County Primary.

Benton, Ky., May 7.—The Marshall county Democratic committee has called a primary for election day, November 3, 1908.

## LOCAL TOBACCO SALES

Another sale of 55 hogheads of association tobacco was made at the Paducah salesroom this morning, making in all about 250 hogheads that have been sold this week. The tobacco sold yesterday was at prices ranging from 7 to 12 cents.

## PRINCE GEORGE IS VIOLENTLY INSANE

Belgrade, May 7.—With one homicide and scores scarcely less startling outbreaks to his credit, Crown Prince George, of Serbia, is beginning to be known as the "European Harry Thaw." King Peter's subjects demand his incarceration in a lunatic asylum. The king is unwilling to act, but the feeling against the prince is growing violent. The prince killed a soldier because of the slowness of his salute. The prince tried to shoot a cigarette from the mouth of a citizen and missed the cigarette but shattered the smoker's jaw.

## WEATHER.

FAIR.

## Twenty-Two More Alleged Night Riders Are Taken to Marion Jail on Charge of Whipping Mr. Bennett

One of Them is Milton Oliver.  
Defendant in Hollowell Dam-  
age Suit in Federal Court—  
Thirty-Six Under Arrest.

Marion, Ky., May 7. (Special.)—Sheriff Cash, of Lyon county, and Marshal McCollum, of Kuttawa, arrived here with 22 prisoners last night charged with complicity in burning Bennett Bros. factory at Dycusburg, and Cardin's barn at View in February. Those arrested are: Levy Oliver, Milton Gray, James Merrick, Milton Oliver, Hoon Nash, Marshall Gray, Charles Ballard, George Gilkey, Clarence Prince, Otto Gray, Thos. Bayard, James Salvers, Harry Satterfield, Ollie Coleman, Henry Rogers, John Merrick, Bud Glass, Irwin Glass, Thomas Jones, Will Griggs and Elias Ramsey. All were brought in but the warrant against Bert Gray was dismissed. Soldiers are on guard but no outbreak is expected. There are now 36 under arrest.

Milton Oliver is a defendant in the Hollowell case.

## Taken to Eddyville.

Eddyville, Ky., May 7. (Special.)—The sheriff of Lyon county arrived this morning with 13 men arrested at Marion and who gave bond there. They are wanted here on warrants charging complicity in the raid on Eddyville. Warrants for 30 others on a similar charge will be issued today.

## FARLEY PLACE WORK

## SUBJECT OF DEBATE

The disagreement about the concrete sidewalks on Farley place seems to have risen over a misunderstanding between Contractor G. W. Katterjohn and the inspector of the engineer's department as to how far the latter concerned in filling holes during the process of construction. Heavy rains have interfered and in spite of the tarpaulin covering dirt washed down and made holes in the concrete. Mr. Katterjohn said the inspector told him it would be all right to fill them in. The inspector said he qualified his consent by adding it would be all right if the work was acceptable when finished, on condition that Mr. Katterjohn would do it over if it was not acceptable. The primary fault found with the work was the discolorations where holes were filled in and the filling has not been done. Mr. Katterjohn says the filling will assume the same color as the rest in due season.

## SHERIFF EXPECTS TO RECOVER TWENTY BODIES BURIED ON THE GUNNESS FARM

He Believes Murder Trust Operated in Chicago and Bodies Shipped Out—Attorney Believes Woman Did Killing.

LaPorte, Ind., May 7.—Six men's watches and one woman's watch were found in the ruins of the Gunness home. A circular will be sent out containing the case numbers in the hope that the bodies may be identified. Corporal Mack declares the bodies which evidently were killed earlier, showed signs of fractured skulls. Those killed later have no such indications. They evidently were asphyxiated. Mrs. Gunness' letters to Andrew Helgundo were full of protestations of love. One reads: "Come to me, Your bride awaits. We shall be happy here as a king and queen in the most beautiful home in northern Indiana."

LaPorte, May 7.—Sheriff Smutzer and deputies are digging in the "soft places" where it is expected other bodies will be found as evidence against Mrs. Gunness. The sheriff believes more than 20 bodies will be uncovered. The evidence shows that the woman either was head or agent of a "murder trust" which operated in Chicago and shipped bodies to her for disposal.

State's Attorney Smith believes the woman made love to the victims and killed them when they were unsuspecting. She weighed 225 pounds and could easily have overpowered a man.

LaPorte, May 7.—The sheriff telegraphed New York authorities to watch for Mrs. Belle Gunness, and those whose house of horrors more than a dozen bodies were found. She is believed to be en route to Norway.

Bessie Couklin, Roy Lamphere's

MORGAN OPTIMIST.  
Paris, May 7.—L. P. Morgan said: "The acute financial crisis in America has passed now and it is only a question of time until business is again prosperous."

## HOT FIRE ESCAPE ROASTS CHILD IN TENEMENT BLAZE

New York, May 7.—Four persons were killed and a score injured in a tenement fire early today. The fire evidently was incendiary. The iron fire escape began so hot many were burned. A child three years old was roasted to death on a hot fire escape.

## THE SICK

Mr. T. L. Roeder, who accidentally shot himself last Monday afternoon, the bullet going through his chest, has not improved any since yesterday and he is still in a serious condition. Dr. Hendley this morning took a few small pieces of clothing out of the wound, that had been carried in with the bullet.

Judge W. D. Greer's condition remains unchanged at his home, 321 North Fifth street. He has not shown any improvement since Tuesday, and all hope for his recovery has been given up by his friends and family.

## FINEST PAGEANT EVER WITNESSED WELCOMES FLEET

San Francisco, May 7.—Patriotism ran riot here today. Admiral Evans is feeble and drove through the streets surrounded by 15,000 men, making the most magnificent pageant ever seen on the Pacific coast. Admiral Evans and Secretary Metcher reviewed the parade, which was made up of the army and navy and citizens. General Funston headed the federal troops.

## SHERIFF EXPECTS TO RECOVER TWENTY BODIES BURIED ON THE GUNNESS FARM

He Believes Murder Trust Operated in Chicago and Bodies Shipped Out—Attorney Believes Woman Did Killing.

LaPorte, Ind., May 7.—Anton Olson identified the body found yesterday as his daughter, Jennie. The head of the body had been cut off and the trunk mutilated.

Roy Lamphere, held on the charge of first degree murder, growing out of the fire which destroyed the Gunness home and caused the death of Mrs. Gunness and her children, offered no new evidence despite repeated questioning. Ralph N. Smith, prosecuting attorney, asserted, however, that a confession is not necessary as far as Lamphere is concerned. "We have positive evidence in the shape of a letter connecting him with the murders of the Gunness farm," he said.

The exact nature of the letters is carefully guarded by Smith. The increasingly divergent character of the gruesome mystery has aroused the entire community and the crowd was so great at the Gunness premises that the sheriff was (Continued on Page Eight.)

## DECLINES PASTORATE

The Rev. B. Smalley, of Louisville, has declined the pastorate of the Second Baptist church and the committee appointed to secure a pastor is corresponding with several ministers. It is probable that a minister from Mississippi will preach next Sunday. The Rev. Mr. Smalley is taking postgraduate work in the Southern Baptist seminary, and will not accept the pastorate of any church until his course has been completed. He regretted to decline the call.

## PADUCAH PEOPLE SUED BY REVENUE AGENT FOR TAXES

Aggregate Amount on Which  
Taxes Are Claimed Due For  
Five Years \$190,000.

Sums Range From \$10,000 to  
\$25,000 in Ten Cases.

## ALSO PRAYS USUAL PENALTY

Suit against ten prominent Paducah people to collect taxes for five years on alleged unlisted personal property, valued at amounts ranging from \$10,000 to \$25,000, were filed in county court today by Magistrate C. W. Ebery, who continues to act as state revenue agent for McCracken county.

Those against whom the actions are brought and the amounts sued on are: H. A. Potter, \$15,000; Louis Kulp, Sr., \$20,000; George Ochelschlaeger, \$10,000; Frank Kieck, \$15,000; Mrs. L. Leach, \$25,000; Mrs. Will Levy, \$25,000; Ed L. Atkins, \$20,000; T. J. Atkins, \$20,000; J. Andy Bauer, \$25,000; J. L. H. H. shares, \$15,000. It is claimed the property, upon which taxes should be collected for the years 1903, 1904, 1905, 1906 and 1907, consists of money, notes and bonds. In addition to praying for the collection of state and county taxes for the years stated, the suit asks that twenty per cent penalty be added, which goes to the revenue agent bringing the suits. If decided that the defendants must pay.

## PETERS LEE ENTERS THE CINCINNATI TRADE, TOO.

Two boats have been put in the trade between Cincinnati and Memphis by the Lee line. Captain G. F. Phillips, local agent, received word yesterday that the Peters Lee will be here Monday en route to Memphis. The Lee line has kept two boats in the trade regularly with a good stage of water, but an overhauling has been given all of the company's boats, and it has been shy of floating stock. The Peters Lee is the regular packet in the trade.

## A Few More for Taft.

Washington, May 7.—Taft added Alabama and Connecticut to his string. Wyoming will instruct for Taft, with practical unanimity.

## MRS. FRIEDMAN'S FUNERAL

Mr. Joseph L. Friedman and Mr. and Mrs. John Keller will arrive this evening at 8:15 o'clock from New York with the body of Mrs. Friedman, who died there Monday. The body will be taken from the train to "The Pines," where the funeral will take place tomorrow afternoon at 2:30 o'clock.

Those who desire to attend the funeral will find carriages at their disposal at Seventh street and Broadway at 1:30 o'clock and those who cannot attend the body to the Jewish cemetery will take the same carriages from "The Pines" to their homes.

The active pallbearers for the funeral will be: Messrs. Sol Dreyfuss, George Wallace, W. F. Paxton, R. B. Phillips, A. S. Thompson and James Pitterhank. The honorary pallbearers will be: Messrs. Samuel Levi, Saunders Fowler, Muscoe Irtner, Q. Q. Quigley, James Campbell, Sr., Wallace Well, Jacob Wallerstein and David Flournoy.

## ELMENDORF GOES TO JAIL; OTHERS GO TO WICKLIFFE

Ernest Elmendorf, who was indicted by the grand jury of Ballard county for taking part in the robbery of the Ballard County bank at Handana, surrendered to Chief Collins this morning and was taken to the county jail. Elmendorf drove to the city in a carriage and walked into Chief Collins' office. He was unable to make the bond this morning, but it is probable he will make the bond of \$1,500 finally.

John Baker and Sam Everts were taken to Wickliffe this morning by Detective Will Baker and Patrolman James Brennan, and placed in the Ballard county jail. It is said that Elmendorf has been in the city all this week. He was seen Tuesday night and several people say they saw him on the streets yesterday.

## Taft and Tariff Revision Win Out at State Republican Convention When it Reconvenes This Morning

Committee on Credentials  
Seats Over 700 Taft Dele-  
gates, a Majority of Three  
to One.

Louisville, Ky., May 7. (Special.)—When the credentials committee of the Republican state convention had finished its labors, it was clear that Taft would have over 700 delegates, a majority of three to one. The convention, which adjourned last night to settle the contest, reconvened at 10 o'clock with Temporary Chairman W. D. Cochran, presiding. The temporary organization was made permanent and the committee on resolutions reported. The resolutions were adopted. Besides endorsing Taft for the presidential nomination, they endorse the administration of President Roosevelt and Governor Wilson, approve the Panama canal work, and the proper regulation of public utilities, and demand a revision of the tariff. They also favor a sound financial policy.

An amendment offered by John D. White, expressing sympathy with the efforts to prevent intemperance, was adopted as part of the resolutions. Before the credentials committee report was adopted and the organization perfected, Senator-elect Bradley made a speech for the Fairbanks men, but saying he was willing to submit to the will of the convention.

Louisville, Ky., May 7. (Special.)—Marshall Hallitt, Judge Burrow, Governor Wilson Richard Ernest C. C. W. Johnson (colored), of Lexington, were chosen delegates at large from the state and instructed to vote for Taft. This gives Taft 24 of the 26 delegates from Kentucky.

## Work of Districts.

The Republican party in Kentucky has selected a new state central committee and chosen all district delegates to Chicago, and the permanent chairman will name additional members of the state committee. ## MAYFIELD FIRE CHIEF CRUSHED BY FALLING WALL

Stubborn Blaze Destroys Gro-  
cery Store of Chas. Jones  
in South Mayfield.

Brave Chief is Directing  
Men at the Time.

## BUILDING IS PARTLY INSURED.

Mayfield, Ky., May 7. (Special.)—In one of the most stubborn fires in the history of Mayfield, which destroyed the grocery store of Charles Jones on the south side, early this morning, Fire Chief John Haldreave was injured by a falling wall. He probably will recover. The fire loss is \$6,000, with \$4,300 insurance.

It is not known how the fire started. It was discovered about 12:30 o'clock but the building was doomed before the fire department could arrive. The firemen fought valiantly and the chief led his men until a brick wall fell on him, crushing him to the earth.

## HEAVY LOSS IN LIBERAL VOTE.

Seat of Wolverhampton Retained but by Greatly Reduced Majority.

London, May 7.—The declining popularity of the present government was again revealed as the result of the bye-election in Wolverhampton today to replace Sir Henry Fowler, who as Viscount Wolverhampton, has taken his seat in the house of lords. The liberals retained the seat in the commons, but by a bare majority of 8, as against a majority of 2,865 in 1906.

This result is looked upon as indicative of grave doubt that Winston Spencer Churchill, president of the board of trade, will secure his seat at Dundee, whether he has gone to contest the vacancy caused by the elevation to the peerage of Edmund Robertson.

## P. & N. FRANCHISE

It is tipped as certain that the Paducah & Northern franchise ordinance will be signed by Mayor James P. Smith, as soon as the ordinance copy is returned by the enrollment committee of the general council, which is checking over the provisions. City Solicitor Campbell has been instructed to prepare a contract, which President George Wallace, of the Paducah & Northern, will sign, agreeing not to lay more than one track on North Second street.

## BLOW AT AMERICANS IS SEEN.

But Cutting Salaries Taken Up in the Philippine Assembly.

Manila, May 7.—The assembly has begun the consideration of the appropriation committee's financial measures. The salary reductions are more sweeping than anticipated. The salary of the governor general is reduced 10,000 pesos and practically every official is reduced in sums varying from 20 to 45 per cent.

The forestry bureau is merged with the lands department and the civil service has been merged with the auditing bureau. The American officials are most seriously affected, and it is believed the commission will reject the majority of the proposals. The American officials and merchants are disturbed over the proposals, which many assert are clearly racial and designed to make it impossible for Americans to fill positions in the civil service.

They pronounce the movement a political play on the prejudices of the Filipinos and fear is expressed that whatever the outcome may be it will prove difficult in the future to secure recruits in America for this branch of the civil service.

## ROBBERS MURDER MESSENGER AND ROB EXPRESS CAR

Denver, May 7.—Express Messenger Charles Wright, of the Rio Grande road, was murdered and the car was looted by robbers, whom it is thought, secured about \$100. The body was found when the train reached here. The robbers entered the car at Castle Rock, fifty miles west of here, and shot and killed Wright. There were signs of a struggle in the car. They left at Littleton, ten miles from this city.

### Prefer Hotels to Homes.

Hotel life seems to have its attractiveness for the wealthy families of New York. Because of the shortness of the season, many society folk have not opened their city homes during the winter months. These families are to be found scattered through the large, semi-private hotels, which have multiplied within the last couple of years, and which have been designed with a view to attracting the millionaire class of tenants. Hotel life, society women have begun to find, affords an easy evasion of much entertaining. The average hostess nowadays seeks to avoid extra bother, and

it is less of a tax on her time and patience to hold large receptions in one of the half-dozen hotels favored by society or in the Colonial Club. By keeping her town house closed this winter a well-known society woman remarked she had saved \$75,000 in four months. Besides this she has not had to worry over the servant question and other matters so vexatious to women who entertain. —New York Correspondence of the Pittsburgh Dispatch.

## NEW REGULATION OF CHILD LABOR

### Senate Passes Restriction Bill For District.

All Under Fourteen Shall Not Be Employed Before 6 a. m. or After 7 p. m. or During School Hours.

### ENDS THE BROWNSVILLE TALK.

Washington, May 7.—The senate passed a bill prohibiting the employment within certain hours of children under 14 years of age in the District of Columbia. No such child is permitted to work at any employment for wages during school hours nor before 6 a. m. or after 7 p. m.

The senate also adopted a resolution offered by Foraker directing the interstate commerce commission to inform the senate whether the commodity clause of the interstate commerce act has been complied with since May 1, 1908, and if not whether non-compliance by railroads has been due to any agreement arrangement or understanding between the railroads and the authorities.

An amendment by Culberson, agreed to, also called on the commission to state its reasons for recommending an extension of two years in the time given the railroads to comply with the commodity clause.

The conference report of the army appropriation bill carrying \$35,377,216 was adopted. This was \$3,467,000 less than the bill carried when first passed by the senate.

Warner, of Missouri, concluded his speech on the Brownsville affair, his closing remarks calling forth a statement from Foraker that a western paper had announced that the president recently wrote Senator Smith, of Michigan, to the effect that he had not changed his mind as to the guilt of the negro soldiers of the Twenty-fifth regiment. Foraker suggested that an introduction of that matter in the record would be interesting, but Smith said he had not made it public and could not do so.

Facts About the American Indian's Healthy Hair.

The American Indian accustomed from time immemorial to go bareheaded in all kinds of weather is never troubled with falling hair or baldness. "The close atmosphere caused by our 'civilized' head-gear is conducive to the breeding of infinitesimal germs which dig into the scalp and thrive on the sap of the hair-root.

This true cause of baldness is of recent discovery and explains the non-success of all hair-vigors which treat baldness as a functional disorder. Newbrow's Hair-Pencil is a direct exterminator of the germ. It destroys the cause and permits the hair to grow as nature intended.

# S.S.S.

## PURELY VEGETABLE GREATEST OF ALL TONICS

Very few persons are able to pass the Spring season with any degree of physical comfort, without the aid of a tonic. Our systems change with the changing seasons, and more is required of the blood, from which source our bodies receive their nourishment and strength, at this particular season than at others.

During the cold Winter months we do not exercise as freely as in warmer weather, the skin is not as active in removing the waste and refuse matter, and the other avenues of drainage are dull and sluggish in their work. Thus the impurities which should pass off are left in the system, and are absorbed into the blood.

When Spring comes and all nature takes on new life, we change our mode of living, and greater demands are made on the blood for nourishment and strength in enable us to meet the changed conditions. But the Winter accumulations have polluted the blood and destroyed its nutritive qualities to such an extent that it is not able to supply the increased needs of the system, and we suffer in consequence.

Our physical machinery seems to get "out of gear," and suffers from debility, weakness, nervousness, loss of appetite, etc. Sleep is not refreshing, there is a constant worn-out feeling, and we do not feel equal to performing the ordinary duties of daily life.

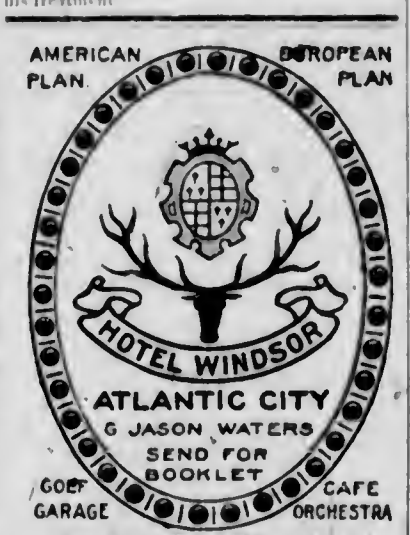

When the system is in this disordered condition it must have assistance; it must be aided with a tonic, and it should be a medicine which has the additional qualities of a first-class blood purifier, for to restore health the blood must be cleansed of all impurities.

S. S. S. is the best Spring tonic, and it is recognized as the oldest and best blood purifier. It is made entirely of roots and herbs of the forests and fields, and as it does not contain the slightest trace of mineral in any form, is especially adapted for a systemic remedy, and has the additional value of being absolutely safe for young or old. S. S. S. re-establishes the healthy circulation of the blood, rids the body of that run-down, worn-out feeling, improves the appetite and digestion, and brings about a return of health and strength to those whose systems have been weakened and depleted. S. S. S. acts more promptly and satisfactorily than any other medicine, and those who are beginning to feel the need of a tonic to fortify themselves against the unpleasant conditions which come with Spring, should commence its use at once. Not only will it tone up the system, but it will remove any humor from the blood, and prevent an outbreak of Eczema, Acne, Tetter, Pimple, Poison Ivy, or other skin disease or eruption, which is so common at this season. S. S. S. is for sale at all drug stores.

## M'CRACKEN ROADS

ARE BEING INSPECTED BY  
JUDGE A. J. G. WELLS.Callaway Officials in Paducah Today  
to Learn What They Can From  
This County.

County Judge Wells and J. H. Clark, his road supervisor, of Callaway county, are in Paducah today to confer with Judge Lightfoot and Road Supervisor Earl Johnson, of McCracken county, regarding the plans and methods used in building the splendid gravel roads in the county. The officials spent yesterday afternoon in Supervisor Johnson's office and met Theodore Luttrell and other road supervisors, who gave them all the information they wanted. Today Mr. Johnson accompanied the visitors out to inspect the roads and bridges he has constructed.

Although Judge Wells has made a most national reputation in his fearless prosecutions of night riders during the last two months, he is now taking up the peaceful duties of his office and giving them as much attention and thought.

The Judge takes the praise that is heaped upon him modestly and says that a great deal of the credit is due to the other officials who supported him, and especially does he applaud the work of Deputy Sheriff John Holland. He does not doubt that convictions will result in the Callaway cases and believes justice can be secured in Callaway that will do their duty. If not, it is believed he will recommend that the cases be transferred to this county which may be done on motion of the prosecution, when it is apparent that public sentiment in the county, where the crime was committed is such that a fair trial cannot be secured.

## SCHOOL NOTES

Edward Mitchell was elected unanimously spade bearer for the senior class. He will receive the spade from the present bearer, Edwin Randle, on class night, and in turn will present it to the '09 class next February. This is the first time that a senior has had the honor of receiving the spade, but it will continue this way on account of a division of the senior class. Mr. Mitchell is quite an actor, and represented the High school in the oratorical contest at Hopkinsville.

CHINESE GROWTH  
IN MODERN WAYSOutlined in Speech of Bishop  
BashfordAristocracy of Learning Instead of  
Birth or Wealth in  
Empire.

LIBERAL ELEMENT SUPREMACY.

New York, May 7.—Wu Ting Fang, minister from China, was the chief guest at a dinner last night at which the Lotus club entertained several very prominent men. Among them were Gen. Frederick Dent Grant, of the United States army, and President G. Schurmann, of Cornell University. Another speaker was Bishop Bashford, who spoke in part as follows:

Bishop J. W. Bashford, of the Methodist Mission in China, spoke as follows:  
The first proof of the new intellectual life of China is found in the revolution in education. There is only one aristocracy in China and that is not an aristocracy of wealth or of birth, but of education. Under Chinese customs, usually only persons can be appointed to office who hold a degree won in the great examinations which the Chinese government conducts to test the educational qualifications of her subjects. With very few exceptions all young men can offer themselves for these examinations, and those who succeed in winning the degrees become the intellectual and official aristocracy of the nation.

In 1903 the dowager empress issued a decree declaring that at the close of ten years, no person would be put upon the list of eligibles for office whose degree did not specify that he had mastered the western learning. Many persons regarded this decree as a spectacular, hasty measure, and it was not to go into effect for ten years, and few people believed that it would ever go into effect. But in 1905 a supplementary decree was issued, putting the reform into immediate effect. These two decrees do not prescribe that every future official must have the western learning, for there are not sufficient men trained in the new learning to furnish officials, hence, all who now hold degrees received under the old regime are eligible to appointment. But all future degrees must certify to the holder's efficiency in the western learning, in order to make him eligible to official appointment.

This reform, which is now in full progress, revolutionizes the intellectual training which has prevailed among four hundred million people for twenty-five hundred years. It promises to become the greatest single change which has taken place in the intellectual history of the country.

Political Progress.  
Turning to political progress, Tientsin, the metropolis of north China, with a population of a million and a quarter, on July 5, 1907, held the first municipal election ever known in the history of the Chinese empire. Yuan Shih Kai, the man of power in China today, holds that the Chinese from their centuries of village government and of guild government are far more ready for republican institutions and indeed, are far more democratic in spirit than the western world dreams.

Commercial Course.  
Since it is evident that the school board will establish a commercial course next year, Superintendent Carnegie and Professor Sage have worked where to put the typewriters. All of the space on the third floor is at a premium. However, the solution has come, and while looking around yesterday afternoon Professor Carnegie decided to place the typewriters under the stairway leading to the third floor on the south side of the building. There is a space 11 feet square, and there is plenty of light. A glass partition will be erected at a nominal cost, and will make an excellent place for the typewriters. At present the space is not in use, and it is separated from the other class rooms so that the noise from the machines will not interfere with recitations.

Class Rivalry.  
If any one doubts there is class rivalry at the High school, his fears may be dispelled, for the juniors and seniors came near "mixing" this morning. Yesterday the junior class received its silk pennant, and it was placed on the wall in the auditorium above the stage. The pennant is crimson, with a white '09. It was exhibited proudly yesterday, but when the juniors entered the study hall this morning their hearts fell, for some senior had seen the funny side, and had pasted a piece of white paper on the pennant so it read '08. Both forces of the junior class were called together, and armed with ladders they climbed up and removed the paper.

# Tailoring

## United for Progress.

I was present in Pekin that momentous Sunday in September, 1905, when the commissioners who were going to the United States and Europe to study our institutions were to leave Pekin. On my way home from a preaching service I heard the explosion which wrecked the train and wounded his excellency, Wu Ting Fang. I had the honor of calling upon him a day or two later and discussing with him the probable cause of this attempt to assassinate the commissioners. We both agreed that it was due to the opposition of the conservatives to the commissioners visiting Europe and America, and possibly carrying back to China recommendations for reform. This shows that at that time there was a party of intense conservatives in Pekin.

Last fall when I was in Pekin, I had the honor of calling upon an American minister to China, Honorable W. W. Rockhill. I remarked that from such reports of the two hundred newspapers published in China as I received from some Chinese students who were furnishing a few of us the summary of Chinese newspapers, there seemed then to be no defense

"There is no conservative party today among the officials in Pekin."

REVIVAL TEST NEEDED  
TO CONTAIN CROWD.

Eleven conversions have resulted at the revival being conducted at the Tennessee Street Methodist church by the Rev. T. J. Owen, the pastor, being assisted by Evangelist Dees. The meetings will continue throughout the week and possibly longer. Arrangements are being made for a large tent to be erected near the church, the church being too small to accommodate the crowds that are attending the services.

**Woodmen of the World.**  
Jersey camp, No. 10, Paducah, Ky., will have their annual decoration and memorial services at Oak Grove cemetery Sunday, May 17, 1908, at 2:30 p. m. Will leave Jersey camp hall, Third and Elizabeth streets, at 1:30 p. m. Evergreen, and Manchester Groves, Woodmen Circle, will take part in the services. All other members of the Woodmen of the World and Woodmen Circle are requested to attend and assist in the services.

## The Unwritten Law.

The High school boys will have their mock trial next Friday night at the High school auditorium. Will Rock will be tried for the murder of Edwin Drew. Edwin Mitchell and Edward Cave, two of the High school students, will defend him; and Frank Luffenburg and Edwin Randle will represent the commonwealth. The plea for Rock's defense will be the "unwritten" law. A large audience will be in attendance to hear the young attorneys.

Daily Thought.

"A sunny, cheerful heart changes  
a world of gloom into a paradise of  
beauty."

Sully, the erstwhile cotton king,  
was cleaned good in his soap deal.

Philippines have raised the race issue  
on us in the Philippine congress, and  
the white man is howling discrimination.  
They have cut the governor  
general's salary 10,000 pesos, and re-  
duced the salaries of other officials,  
where they have not merged offices.

England must be the paradise  
of politicians. Winston Spencer  
Churchill, defeated for parliament at  
home, has gone to Dundee to contest  
for a seat vacated there. Such con-  
duct would be considered brazen  
here, where a politician gets his  
quietus by popular vote; but in En-  
gland the motto is "Gilt that!"

COMPARE THE PAPERS.

In the morning News-Demo-  
crat may be found the same  
news twelve hours earlier than  
appears in the afternoon paper  
—Impudently declares the News-  
Democrat this morning.

We have become accustomed to  
reading that paper's declarations that  
it stands for morality and civic  
righteousness, and seeing it at the  
same time defend the immoral side of  
every public issue; and we have no  
space in which to criticize its rather  
fresome daily advertisements of  
what it intends to do but never does  
in the way of improving its news ser-  
vice. If it can fool anybody that is  
all right; but such is not The Sun's  
policy. The Sun expects to be judged  
by results, and to sell papers, because  
it contains the most accurate and  
fresh news; not simply because it  
sings it does.

The News-Democrat may go on  
boasting, and The Sun will go on  
publishing the news THE DAY IT  
HAPPENS—not the next day. Both  
papers are before many of the people  
of Paducah. The News-Democrat has  
made the assertion that in it "may  
be found the same news twelve hours  
earlier than appears in the afternoon  
paper."

Please compare The Sun of Wed-  
nesday evening with the News-Demo-  
crat of Thursday morning. The sec-  
ond column of the News-Democrat's  
front page this morning has as its  
leading article the statement that The  
Sun told a lie Wednesday evening—  
a bit of bad newspaper manners, a  
falsehood and a feature the News-  
Democrat has "played up" every day  
since it went into the morning field.  
The third column contains the story  
of the murder farm at La Porte, In-  
diana, about which The Sun had two  
columns Wednesday evening, nearly  
twice as much as the News-Democrat  
has this morning. The feature of the  
fourth column is the Republican state  
convention, without the details which  
The Sun published yesterday, and  
with the added bit of information  
that at the preliminary convention  
Jerry Porter was nominated for con-  
gress—something that was done at  
Paducah March 11. Obviously, the  
News-Democrat's Louisville special  
was written in Paducah. It would  
have done better to have been a photo and

tion as affording a comparison be-  
tween morning and evening news-  
papers, because The Sun today con-  
tains the actual result of the conven-  
tion. Observe also the sixth column  
of the News-Democrat's front page,  
where the result of the Ohio Demo-  
cratic state convention is set forth.  
The Sun had it last evening.

The fifth column of the News-  
Democrat's front page is devoted to a  
"Smoke up" about arrests for the  
Crittenden county night rider out-  
rages. Last night there were 26 men  
in the Marion jail, and 22 of them  
were arrested and taken into Prince-  
ton about 5 o'clock last evening.

The comparison shows that the  
evening paper publishes the news  
THE DAY IT HAPPENS, and the  
only conclusion to be drawn in the  
local situation is that the News-Demo-  
crat now publishes the news only 12  
hours after The Sun, instead of 24.  
This probably accounts for the News-  
Democrat's assertion that it prints  
the news 12 hours ahead of The Sun.  
Its publishers realize that somehow  
it has gained a half day on itself;  
and they assumed that it also gained  
on its competitors. But readers can  
see that it still lags 12 hours behind.

THE CORNER TURNED.

George J. Gould thinks the financial  
situation has turned the corner. He  
sees constant improvements. The  
Pennsylvania and the Interborough  
Transit systems have borrowed money,  
and that is "a good sign." However,  
the big financiers whose operations  
are based to a great extent on anti-  
cipations, will feel the improvement be-  
fore the fellow who labors with his  
two fists, just as they caught the  
first shock of the reverse. Unfavor-  
able railroad earnings until June are  
predicted by Mr. Gould, and that  
means economy of expenditure and re-  
duced forces for another two months.  
When it is all over, and it will be all  
over soon, we shall look back and  
wonder at the nerve displayed by the  
public, which prevented a panic.

In spite of the fact that factories  
have shut down in many places, and  
unsteady commercial enterprises have  
collapsed under the strain and some  
luxuries have been cut out, the people  
have defied themselves few comforts  
and conveniences, except where  
actual poverty has dictated. In fact,  
the severe stress has been felt most  
where, what are termed ordinary com-  
forts and conveniences, has never  
been enjoyed.

The result is that the reduction in  
production, attendant on slack orders  
has been out of all proportion to the  
reduction in consumption, and shortly  
there will be no unsatisfied demand in  
many lines, and factories will resume  
operations with full forces at the  
usual wages, and if it pleases Providence  
and meets with the approval of the  
powers, which control congress-  
sional action, we may have a currency  
measure that will enable local banks  
to take care of the annual financial  
phenomena, produced by heavy de-  
mands for moving crops at certain  
times of the year; and some sort of  
specific for the dropping condition of  
certain kinds of industrial stocks may  
be invented in the white house labo-  
ratory, which will obviate all possibility  
of a repetition of such spasms of the  
national nervous system, as constituted  
the premonitory symptoms of this  
present spell.

## NO NIGHT RIDER

WHEN COMMONWEALTH'S AT-  
TORNEY LOVETT APPEARED.

Marshall County Man Had Nothing to  
Say on Subject in Official's  
Presence.

An interesting exposition and in-  
dorsement of night riding that was  
being given in the waiting room of the  
Union station this morning by a farm-  
er, who said he was from Cave City  
in Marshall county, was cut short by  
the appearance of Commonwealth's  
Attorney John G. Lovett in the room.  
Although the man said a few minutes  
previous to Lovett's appearance that  
he did not know Mr. Lovett, he stop-  
ped talking immediately when the offi-  
cial stepped in the door, and although  
urged to go on by bystanders, had  
nothing more to say.

The fellow expressed himself as be-  
lieving that a farmer, who would sell  
his tobacco to an independent buyer,  
ought to be whipped.

"Do you think the night riders,  
who have been arrested will be con-  
victed?" asked a bystander.

"No; the trials will all result in  
hung juries," said the farmer. "Of  
course, no night riders will be on the  
juries, and if they should be sum-  
moned they will not remember that  
they knew anything about the case  
until after the trial is over. You see  
when a man gets the right idea into  
his head he will not do anything  
against the night riders."

The man didn't believe any of the  
accused night riders in west Kentucky  
would be convicted.

Shoots Lobe of His Ear.

Herbert Whitney, a young steam-  
boat man, and Rose Sergeant, of 222  
Washington street, had a light last  
night in a saloon at First street and  
Broadway. Sergeant was attending  
bar when it is said that Whitney  
threw a bottle that struck Sergeant's  
face and cut a gash under his right  
eye. Before friends could interfere  
Whitney had fled.

## The MYSTERY

By Stewart Edward White  
And Samuel Hopkins Adams

Copyright, 1907, by McClure, Phillips & Co.

(Continued from last issue.)

"This is the little devil," he said, in-  
dicating his delicate burden. "Pul-  
minate of mercy. This is the stuff  
that'll remove your head with non-  
ness and dispatch. It's the quickest  
tempered little article in the business.  
Just give it one hard look and it's off."

"Here," said Trendon, "I resign.  
From now on I'm a spectator."

Barnett swung the full bottle in his  
handkerchief and gave it to a sailor  
to hold. The man dangled it like a  
newborn infant. Back to his rock  
went Barnett. Producing some cord he  
let down an end.

"The handkerchief on and get  
out of the way," he directed.

With painful slowness the man car-  
ried out the first part of the order.  
The latter half he obeyed with spright-  
ly alacrity. Very slowly, very delica-  
tely, the export drew in his dangerous  
burden. Once a current of air puffed  
it against the face of the rock, and the  
sailor's head was hastily with-  
drawn. Nothing happened. Another

This woman says she was saved  
from an operation by Lydia E.  
Pinkham's Vegetable Compound.

Lena V. Henry, of Norristown, Pa.,  
writes to Mrs. Pinkham:

"I suffered untold misery from fe-  
male troubles. My doctor said an opera-  
tion was the only chance I had, and I  
dreaded it almost as much as death."

"One day I read how other women  
had been cured by Lydia E. Pinkham's  
Vegetable Compound, and I decided to  
try it. Before I had taken the first  
bottle I was better, and now I am en-  
tirely cured."

"Every woman suffering with any  
female trouble should take Lydia E.  
Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pink-  
ham's Vegetable Compound, made  
from roots and herbs, has been the  
standard remedy for female ills,  
and has positively cured thousands of  
women who have been troubled with  
displacements, inflammation, thera-  
pist, fibroid tumors, irregularities,  
periodic pains, backache, that ter-  
rible-down feeling, dizziness, indiges-  
tion, dizziness or nervous prostration.  
Why don't you try it?

Mrs. Pinkham invites all sick  
women to write her for advice.  
She has guided thousands to  
health. Address, Lynn, Mass.

United States cruiser Wolverine," said  
the commander. "This is Mr. Bar-  
nett, Mr. Harrow. Dr. Trendon, Mr.  
Darrow."

"They shook hands all around.  
"Like some silly afternoon tea,"  
Trendon said later in recalling it.  
The mess. A pause followed.

"Won't you step in, gentlemen?" said  
Trendon. "May I offer you the mak-  
ings of a cigarette?"

"Wouldn't you be robbing yourself?"  
inquired the captain, with a twinkle.  
"Oh, you found the glory, then?"  
said Harrow easily. "Rather silly of  
me to complain so. But really in con-  
ditions like these tobacco becomes a  
serious problem."

"So one might imagine," said Tren-  
don dryly. He looked closely at Har-  
row. The man's eyes were light and  
dancing. From the nostrils two thin  
lines ran diagonally. Such lines one  
might make with a hard line pencil  
pressed strongly into the flesh. The  
surgeon moved a little nearer.

"Can you give me any news of my  
friend Thrax-Kles?" asked Harrow light-  
ly. "Or the esteemed Fritz? For the  
scholarly and urbane Roddison of  
Bibbiana extraction?"

"Dead," said the captain.

"Ah, a pity," said the other. He  
put his hand to his forehead. "I had  
thought it probable." His face twitched.  
"Dead? Very good. In fact—  
ready—or—passing?"

He began to laugh, quite to himself.  
It was not a pleasant laugh to hear.  
Trendon caught and shook him by the  
shoulder.

"Drop it," he said.

Darrow seemed not to hear him. Un-  
changed from the corresponding  
"Dead. All dead," he repeated. "Am-  
quinture of last year."

I've contrasted that "There's a little  
And his little back forth in a glance  
by shocking spirit.

Trendon lifted a hand and struck  
him so powerfully between the shoul-  
der blades that he all but plucked for-  
ward on his face.

"Quit it," he ordered again. "Get  
hold of yourself."

Harrow turned and gripped him  
the grasp. "I can't," gasped the sur-  
geon, between paroxysms. "I've been  
living in hell—a black, shaking, shiv-  
ering hell, for God knows how long!  
What do you know? Have you ever  
been buried alive?" And again the  
agony of laughter shook him.

"This, then," muttered the doctor,  
and the hypodermic needle shot home.  
During the return Harrow lay like  
a log in the bottom of the cot. The  
opiate had done its work. Conscien-  
siousness was mercifully dead within him.

**ST. PAUL CARRIED BY DEMES.**  
Daniel W. Lawler Elected Mayor by  
a Large Majority.

St. Paul, May 7.—Daniel W. Law-  
ler, Democrat, was elected mayor of  
St. Paul today over Joseph McKibbin,  
Republican, in one of the hottest po-  
litical campaigns in the history of the  
city. Lawler's majority is estimated  
at from 1,000 to 5,000.

The fight was made on the grounds  
of law enforcement, Lawler being the  
administration candidate. Incident-  
ally, the result again shows the mas-  
sive lead of the Democrat, political boss  
of St. Paul, and chief booster in Gov-  
ernor Johnson's presidential cam-  
paign.

The election called out the largest  
vote ever registered in St. Paul. McKibbin  
had the backing of the Law  
Enforcement League and the churches  
of the city. There was considerable  
excitement during the day, arising  
from charges and countercharges of  
immoral voting. Hugh Baird,  
McKibbin's campaign manager, had  
two city detectives arrested for refus-  
ing to arrest alleged "fixers." Baird  
was in turn arrested on a charge  
of using obscene language in refer-  
ence to the officers.

**LEAVY'S SPRING CLEVERANCE SALE.**

Despite the lack of money of the weath-

Leavy's is drawing its full quota of in-  
terested buyers. Every day this week  
has seen the store crowded with buy-  
ers from Paducah and surrounding  
towns, and Mr. Leavy expresses him-  
self as delighted with the response  
brought forth by the sale. And if a  
mere man might judge, the store is  
up to the brim with pretty things, and  
to spare, for every lady in town who  
loves dainty garments. Mr. Leavy  
says the value skirt special which is  
to be featured tomorrow is one of the  
best he has ever had the pleasure of  
offering the public. It is easily a  
\$7.50 value, though the special price  
is only \$5.75. A detailed description  
of this beautiful skirt is printed else-  
where in this edition.

is still hale and hearty, and the din-

**Final Meeting of Matinee Musical  
Club a Delightful Event.**

The Matinee Musical club held its  
last program meeting for the season  
yesterday afternoon at the Woman's  
club house. It was a fitting finale to  
a season of musical afternoons, each  
characteristically delightful. "Sonatas  
and Symphonies" were featured in  
the attractive program given under  
the direction of Mrs. Victor Voris  
and Mrs. John W. Little. Mrs. Voris'  
charming paper discussing "The  
Sonata and Symphony" delightfully  
prefaced the program. The piano  
numbers included beautifully ex-  
ecuted selections by Miss Katherine  
Donovan, Miss Isabel Mohan, Miss  
Lara Reed and Miss Mamie O'Brien  
and Mrs. George H. Hart. The violin  
and piano numbers were skillfully  
played by Mrs. Eugene Robinson and  
Prof. William Deal; Mrs. William C.  
Clark and Miss Mayme Dyfuss;  
Professor and Mrs. William Deal.  
An effective introduction to Beeth-  
oven's "Moonlight Sonata," artistic-  
ally played by Mrs. George H. Hart,  
was the account of his inspiration by  
the musician's visit to a little blind  
girl, sympathetically told by Mrs.  
Victor Voris.

At the business meeting of the club  
several important matters were con-  
sidered. It was decided to join the  
National Federation of Woman's  
clubs and the National Musical as-  
sociation. Mrs. Hubbard S. Wells and  
Mrs. George H. Hart were elected  
delegates to attend the biennial of  
the National Federation in Boston  
on June 22. Mrs. Wells and Mrs.  
Hart will be the guests of Mrs. Hub-  
bard Blanchard while there. Mrs.  
Blanchard, who is presently known  
in Paducah, is now traveling in  
Europe with her husband and Mr.  
and Mrs. Leon Vincent, of Boston.  
Mr. Vincent is the talented lecturer  
and author. The party will return  
about June 20.

The delegates who will represent  
the Matinee Musical club at the State  
Federation of Woman's clubs to be  
held on June 25, are Mrs. Hal S.  
Corbett and Mrs. James Welles.  
Afterwards, Mrs. Victor Voris and  
Mrs. Lela Wade Lewis. The social  
and reception to be given by the  
Matinee Musical club for the state  
federation will take place the evening  
of June 2 and will be a delightful  
social event. It was announced that  
the Verdi Quartet from Chicago  
would appear here under auspices of  
the club on May 25. If suitable the  
concert will be at Wallace park.

The following were named by the  
president as a committee to get out  
the year book for the next season:  
Mrs. George H. Hart, Mrs. David M.  
Flournoy, Mrs. James Welles, Miss  
Virginia Newell, Miss Corrie Pur-  
year.

## NEWS OF COURTS

**In Circuit Court.**  
But little business was transacted  
in the circuit court today, the cases  
that were held over yesterday being  
reset for later days in the term.

The only case on the docket, that  
of Annie Marberry against the Padu-  
cah Traction company for \$300 dam-  
ages, was dismissed, a demurrer filed  
by the defendant's attorneys being  
sustained.

M. V. Cherry, Henry Shelton and  
H. P. Davis were excused from fur-  
ther jury service and C. W. Morrison,  
M. M. Carmel and Nathan Kahn were  
substituted.

The usual divorce for the day was  
granted to Hattie E. Walbert from  
Robert Walbert.

Demurrers to the petitions of the  
city of Paducah against James Jewell  
and Lee Robertson were overruled.  
In the Robertson case a copy of the  
record was filed, showing that the ap-  
peal of Lee Robertson from the de-  
cision of the police court, finding him  
\$50 for selling liquor to a minor, had  
been dismissed, when it reached the  
circuit court on motion of the com-  
monwealth's attorney. It is claimed  
that as no final conviction was se-  
cured he could not be held liable on  
the bond. The dismissal was secured  
by compromise, Robertson paying  
other ones assessed against him, and  
this being dismissed.

A verdict for \$50 damages was re-  
turned by the jury in the suit of  
Elmer Fifth against the Paducah  
Traction company for \$2,000 dam-  
ages, alleged to have been sustained  
when a wagon in which he was riding  
collided with a street car at Third  
and Washington streets November 16.  
Fifth sued for \$2,000 for personal  
injuries and \$100 for the value of a  
horse that was killed and the jury  
gave him \$50 for the horse and not-  
ing for personal injuries. A. C. Fifth  
and Jesse Barrett, who sued for \$250  
each, compromised their cases for  
\$25 each. R. L. Jessup, who was in-  
jured in the same accident, was given  
a verdict for \$100. He sued for  
\$5,000. The traction company's de-  
fense to the case was that the acci-  
dent was caused by the plaintiff's  
negligence.

Glenn Husbands was given a judg-  
ment for \$100 against Owen Wallace,  
and property at Eleventh and Jack-  
son streets was ordered sold to satisfy  
the debt.

A motion for a new trial was made  
by the defendant in the suit of the  
city against J. L. Jones.

**Suits Filed.**  
M. M. Carmel filed suit in circuit  
court yesterday against Oltman  
Bross, of Watseka, Ill., for \$2,000  
damages, alleged to have been sus-  
tained by the false representations of  
the plaintiffs in regard to a German  
coach stallion, which plaintiffs pur-  
chased. Carmel claims that the horse  
is worthless and was sold yesterday  
under an attachment to satisfy the  
original debt and brought only \$150.

**Marriage Licenses.**

morning was: Drunk—Frank Crane,

both colored, Kearny fined \$15 and  
costs and Jennie Salsberry dis-  
missed; Smith Bond and Will Hart,  
both colored, \$5 and costs each.  
Grand larceny—"Sticks" McCor-  
mick, continued until May 8, breach  
of peace—Ben Boyd, colored, \$5 and  
costs.

**Deeds Filed.**  
W. R. Jones, etc., to W. L. Shep-  
ard, property on Benton road,  
\$1,500.

R. E. Torian to West End Improv-  
ement company, property on Broad-  
way, \$150.

Ethelred Guthrie to Mollie Guthrie,  
property at Thirteenth and Harrison  
streets, \$2,000.

gregate \$12,000,000, and the govern-  
ment engineers are now testing wicks-  
ets at them all in preparation for a  
general and simultaneous raising of  
all wickets some time within the next  
three weeks.

**Resignation.**  
Fam content, now he is gone,  
To wait a while, and then go on.  
I am content to linger here  
And dream sometimes a rose or tear

## CENSUS BUREAU'S SCALE OF WAGES

South Behind. Because Lack of Development.

How Women and Children Figure Industrially and Their Place in System.

WEST LEADS OTHER SECTIONS

(Washington Bureau, United Press.) Washington, D. C., May 7.—When Horace Greeley said "Go west, young man," he probably did not have at his disposal the statistics to prove the soundness of his advice. The frontier west has disappeared, and a new west has been born, nevertheless it would appear that it holds out greater inducements to the wage-earner of today than any other section of the United States.

The western man or woman who is employed in a manufacturing establishment receives a "much greater compensation than his fellow workmen elsewhere, according to a statement issued today by the census bureau. The average per week throughout the west is \$13.65 as against \$10.62 in the central north states; \$10.11 in the north Atlantic; \$8.33 in the south central, and \$7.31 in the south Atlantic.

Ten dollars is the average weekly wage throughout the country. Some trades average double this amount—diamond cutters earn \$21.68 per week, and, on the other hand, the ignorant, illiterate workers in the turpentine industry, those who gather the crude gum, receive only an average of \$5.23 a week. Workers in the cottonseed oil and cake industry receive on an average only \$6.61 a week.

Both of these last two classes are largely employed in the south, and their poor compensation emphasizes the fact that the southern workman receives less than his brother craftsman anywhere else in the country. The census bureau explains the low average in a measure by directing attention to the comparatively recent development of the factory system and the large proportion of women and children and negroes employed.

The statistics which the bureau has compiled, including 123,702 establishments and 3,297,819 wage-earners, it is shown that women earn less than men. In the cotton mills female operatives make \$6.92 a week, in shoe factories they earn \$7.60, as evidence of the extent to which women earn their own livelihood, out of three million odd employees, 588,539, or 17.9 per cent, were of the gentler sex. However, women draw only 71 per cent of the total wage list, or \$7,623,181, as against \$29,249,287 earned by the men.

Statistics of child labor are startling. Out of the total of employees, 39,167, or 2.1 per cent were children, receiving \$312,022 per week. Thus the average child worker received only \$3.16 a week, as contrasted with the man's average earnings of \$11.16 and the woman's of \$6.17. In cotton

You must not neglect discharges of NATSEATING YELLOW MATTER from the Ear, Nose and Throat. It needs attention at once. Cure the most quick, radical, permanent cure because it rids the system of the poison germs that cause catarrh. At the same time Blood Balm (B. B. B.) purifies the blood, does away with every symptom of catarrh. B. B. B. sends a thrilling flood of warm, rich, pure blood direct to the paralyzed nerves and parts affected by catarrhal poison, killing worms and strength just where it is needed, and in this way making a perfect, lasting cure of catarrh in all its forms.

When we say that B. B. B. cures we mean a real cure and this we guarantee. It has cured thousands of catarrh cases—even the most deep-seated kind—after every other treatment had failed. millers, children earn only \$3.21 per week, on an average; in tobacco factories the earnings were still lower, the average being only \$1 a week; while in pickle factories the average was scarcely \$1.81 a week.

In connection with the cotton industry, the census office makes an interesting comparison of the earnings in the north and those in the south. By confining the comparison to establishments engaged in the manufacture of print cloths, it eliminates to a considerable extent the differences between the character of the industry in the two sections, and thus presents a fair basis to measure differences in earnings. This comparison shows that the average earnings of men were in New England, \$8.52; in the south, \$5.11. For women, the average was in New England, \$7.23; in the south, \$3.77; while for children the average in New England was \$4.45, and in the south, \$2.73.

For all classes of cotton operatives the average weekly earnings in the south were \$7.62 as contrasted with \$4.16 in the north.

One of the most striking conclusions inferred from the census report on this subject is that the figures indicate that the differences in average earnings between large and small establishments are slight. In those employing less than 10 wage-earners, the average wage was \$9.83, while those employing 100 wage-earners or more, it was \$10.24.

## H. H. ROGERS

ANSWERS SUIT IN UTAH COURT AT SALT LAKE CITY

Denies That He Ever Entered Into Combination in Restraint of Trade With Anyone.

Salt Lake City, Utah, May 7.—H. H. Rogers and James Sullivan, named defendants with the Harriman and other railroads in the so-called merger suit in the federal court here today, they, with E. H. Harriman, Jacob Schiff and others, and the Union Pacific, Atchafson, Topeka and Santa Fe, Southern Pacific and other railroads, are charged with unlawful conspiracy to attempt to gain control of other railroads and restrain and control commerce between the states.

Mr. Rogers makes a sweeping denial of every allegation, and demands that the case against him be dismissed because he is not a resident of the district, and therefore not within the jurisdiction of the court. He also asks that he be granted costs and damages for injury to his character by reason of the allegations made against him.

He denies that he is or ever was a member of any body of men who attempted to gain control and restrain commerce and traffic between the states, or that he ever bought into any railroad to gain control. He admits that he bought heavily into the Atchafson, Topeka and Santa Fe, but says that he did so purely as an investment, even though the purchase was heavy enough in some cases to absorb half stock, and there was not the slightest intent to conspire or gain control to an unlawful end.

Similar admissions and denials are made concerning the purchases of Union Pacific stock through Kuhn, Loeb & Co., and the Oregon Short Line.

James Sullivan, whose answer was filed today, follows the lines laid down by Mr. Rogers, admitting investments of money, but denying a monopoly or other unlawful purpose. Mr. Sullivan became a director of Union Pacific December 6, 1907.

### AFTER 24 YEARS MODEL PRISONER RECEIVES PARDON

After serving 24 years in the penitentiary on a life term for the murder of Bill Owens, J. Hine Tidwell has been paroled from the Eddyville penitentiary by the board of prison commissioners. Tidwell was sent from Paducah for the murder of Owens, which occurred near Clark's river. Both were engaged in the timber business, and they quarreled and Owens was killed.

Tidwell was taken to Frankfurt to the penitentiary but when the bench prison was built at Eddyville, he was moved there. He was one of the oldest prisoners, and during his entire 24 years of confinement there has not been one mark registered against his record. Tidwell's sight is failing him and he cannot see out of but one eye. When Sheriff John Ogilvie took the prisoners to the penitentiary last week he talked to Tidwell, and signed the paper requesting the commissioners to parole him. Tidwell was a barber in the prison, and clipped the prisoners sent from this county last week. Tidwell has been a model prisoner in every way, and has carried several razors on his person constantly. It is

probable that he will return to Paducah, where he has a sister.

#### Charge of Felony.

Sheriff T. F. Kelly, of Hawesville, left this morning with Charles Bruner, of Paducah, who is wanted at Hawesville for seduction. The sheriff stated that feeling was high against Bruner and he would not take him there direct. Bruner is charged with seducing the 15-year-old sister of his wife, who came to his home to wait on Mrs. Bruner while she was ill. A felony charge will be preferred against the prisoner.

obliged to call on the police to keep the people back so far as not to interfere with the work.

One of the bodies in the second channel pit is believed to be that of a woman. The other two and that were found earlier, are probably those of men. Of the nine cadaverous forms, seven, therefore are those of males.

The best clue yet found came to light immediately following the discovery of the last three bodies. John A. Walker, a liveryman, and Leo Wade, his employee, told of having carted heavy trunks to the Guinness farm in the summer and autumn of 1906. Clyde Sturgis, employed by Foster & DeGarmo, another livery concern, remembered that he took two similar trunks to the place a year ago. In addition several heavy boxes were carted to the house at different times.

"Mrs. Guinness wouldn't let us into the house with one of the trunks," said Wade, "we put it on the porch before the front door. The other, at her orders, was carried in after dark. There was no light in the house, and she didn't strike one when we entered with the trunk. She led us through two dark rooms into a third and opened another door. But I told Walker I had had enough and we dropped the trunk in the third room and left."

Sturgis said the trunks he took to the farm were heavy and strongly corded.

"Mrs. Guinness told me to carry them in the cellarway. I started to unhook them for her, but she told me to leave them alone and mind my own business, so I got out."

If these trunks contained dismembered corpses, the disposal of the bodies at the farm would have been comparatively simple. Joseph Max, one of the woman's employees, Roy Lamphere, the prisoner in the case, and Fred Hickman, a neighbor, have told of digging trenches in the barnyard at Mrs. Guinness' direc-

tions. The authorities are not convinced that Mrs. Guinness was enabled in the horrifying work and their suspicious point to Lamphere. They point to several admissions by him and other incidents in support of their suspicions.

The motive for the wholesale murders is not fully established. Circumstances surrounding the disappearance of Helgelein and Ole Budsburg, of Iowa, Wis., are, however, startlingly enough similar to give a clue as to the object of the person or persons who committed the crime.

Helgelein had secured \$3,000 through the First National bank here shortly before he was lost track of.

Budsburg negotiated the sale of a mortgage through the La Porte Savings bank which yielded him \$1,000. He drew this money April 6, 1907. No record of his further appearance in the flesh has been found. When last October, Wright Buch, assistant cashier of the La Porte Savings bank, called at the Guinness farm to secure information regarding Budsburg, he was told by Mrs. Guinness that the Wisconsin farmer had found land prices higher than he had anticipated and had left here for Chicago, with the intention of accompanying a real estate agent to Oregon.

Dr. Meyer, who examined the bodies, said that his firm conviction is that all had been cut up by the

same person. In each case the legs had been severed at practically the same point above the knee, the heads cut away in almost a similar fashion and the wrappings which clung to the several corpses were of the same material—heavy gunny sacks.

Digging for more bodies will be resumed tomorrow.

**Will Examine Body.**  
Chicago, May 7.—The coroner declared today he would examine the body of Max Sorenson, the first husband of Mrs. Belle Guinness, to see if foul play caused his death.

**No Clue in Chicago.**  
Chicago, May 7.—An investigation

by Chicago police, prompted by reports that trunks had been shipped from there to the Guinness farm at La Porte, had failed, up to a late hour, to develop any evidence that Mrs. Guinness had committed any crimes here. The record of the death of the woman's first husband, P. A. Sorenson, obtained from the records of the town of Austin, indicate the cause of his death to have been cerebral hemorrhage.

**Helgelein's Record.**  
Red Wing, Minn., May 7.—It is stated that in 1884 Andrew Helgelein, whose dismembered body is believed to have been found on the Guinness farm near La Porte, Ind.,

was arrested on the charge of robbing the postoffice and village store at Norway, Minn., and then burning the building to hide his crime. He was convicted and sentenced to ten years in the prison. After serving the sentence he went to South Dakota.

**Fire at Houston.**  
Houston, Tex., May 7.—Fire in the Shaw building caused \$50,000 loss. It is believed a woman and two girls were incinerated. Search is now being made. The Houston hotel occupied the second floor. Guests had narrow escapes. Otis Williams jumped from the third floor and landed on an awning.
